To Our Stockholders:

You are cordially invited to attend the 2019 Annual Meeting of Stockholders (the "Annual Meeting") of SolarEdge Technologies, Inc. (the "Company") at the offices of Gibson, Dunn & Crutcher LLP, 200 Park Avenue, New York, NY, on June 5, 2019, at 9 am local time.

The matters expected to be acted upon at the meeting are described in detail in the accompanying Notice of Annual Meeting of Stockholders and Proxy Statement.

We are providing access to our proxy materials over the Internet under the U.S. Securities and Exchange Commission's "notice and access" rules. As a result, we are mailing to many of our stockholders a notice of Internet availability of our proxy materials (the "Notice") instead of a paper copy of this proxy statement and our 2018 Annual Report. The Notice contains instructions on how to access those documents over the Internet. The Notice also contains instructions on how each of those stockholders can receive a paper copy of our proxy materials, including this proxy statement, our 2018 Annual Report, and a form of proxy card or voting instruction card. All stockholders who do not receive the Notice, including stockholders who have previously requested to receive paper copies of proxy materials, will receive a paper copy of the proxy materials by mail unless they have previously requested delivery of proxy materials electronically. By employing this distribution process, we will conserve natural resources and reduce the costs of printing and distributing our proxy materials.

Your vote is important. Regardless of whether you plan to participate in the Annual Meeting, we hope you will vote as soon as possible to ensure that your shares are represented. You may vote by proxy over the Internet or by telephone, or, if you received paper copies of the proxy materials by mail, you may also vote by mail by following the instructions on the proxy card or voting instruction card. Voting over the Internet, by telephone, written proxy, or voting instruction card will ensure your representation at the Annual Meeting.

We look forward to seeing you at the meeting.

Sincerely,

A handwritten signature in black ink that reads "G. Sella".

**SOLAREEDGE TECHNOLOGIES, INC.**  
**1 HAMADA STREET, HERZILIYA PITUACH, ISRAEL**  
**PROXY STATEMENT**  
**June 5, 2019**

**THE MEETING**

The accompanying proxy is solicited on behalf of the board of directors (the “Board of Directors” or the “Board”) of SolarEdge Technologies, Inc., a Delaware corporation (the “Company”), for use at the 2019 Annual Meeting of Stockholders (the “Annual Meeting”) to be held at the offices of Gibson, Dunn & Crutcher LLP, 200 Park Avenue, New York, NY on June 5, 2019, at 9:00 a.m. local time. The Notice and the proxy materials, including this Proxy Statement, were first made available to stockholders on or about April 24, 2019. You can access the proxy materials by following instructions in the Notice and visiting [www.proxyvote.com](http://www.proxyvote.com). Electronic copies of this Proxy Statement and our 2018 Annual Report are also available at the Company’s website at <http://investors.solaredge.com>.

**Change in Fiscal Year**

Throughout this Proxy Statement, we refer to the period beginning January 1, 2018 and ending December 31, 2018 as “the year ended December 31, 2018”, the period beginning January 1, 2017 and ending December 31, 2017 as “the year ended December 31, 2017”, the period beginning July 1, 2016 and ending December 31, 2016 as the “Stub Period” or “SP” and the period beginning July 1, 2015 and ending June 30, 2016 as “fiscal 2016”.

**Voting Rights, Quorum and Required Vote**

Only holders of record of our common stock at the close of business on April 11, 2019 (the “Record Date”), will be entitled to vote at the Annual Meeting. At the close of business on April 11, 2019, we had 47,501,362 shares of common stock outstanding and entitled to vote. Holders of the Company’s common stock are entitled to one vote for each share held as of the Record Date. There is no cumulative voting. Each stockholder may appoint only one proxy holder or representative to attend the meeting on his or her behalf. A quorum is required for our stockholders to conduct business at the Annual Meeting. The holders of a majority in voting power of all stock outstanding and entitled to vote at the Annual Meeting, present in person or represented by proxy, will constitute a quorum for the transaction of business. Abstentions and “broker non-votes” (described below) will be counted in determining whether there is a quorum.

For Proposal No. 1 - Election of Directors, directors will be elected if the number of votes of the shares of common stock cast at the Annual Meeting for the nominee’s election exceeds the number of votes cast against the nominee’s election. Votes “against” and broker non-votes (as defined below) will have no effect on Proposal No. 1.

Proposal No. 2 - Ratification of Appointment of Independent Registered Public Accounting Firm, requires the affirmative vote of the holders of a majority in voting power of the stock entitled to vote at the Annual Meeting, present in person or represented by proxy. Abstentions will have the same effect as votes against this Proposal No. 2. Broker discretionary voting on this Proposal is allowed and, therefore, there should be no “broker non-votes”.

Proposal No. 3 - Advisory Vote to Approve the Compensation of our Named Executive Officers (the “Say-on-Pay” vote) requires the affirmative vote of the holders of a majority in voting power of the stock entitled to vote at the Annual Meeting, present in person or represented by proxy. Abstentions will have the same effect as votes against this Proposal No. 3. “Broker non-votes” will have no effect on this Proposal No. 3. This advisory vote is not binding on the Board. However, the Board of Directors and the Compensation Committee will review and consider the voting results when evaluating our executive compensation programs and making compensation decisions.

## **Notice of Internet Availability of Proxy Materials**

As permitted by the rules of the SEC, we are making the proxy materials available to our stockholders primarily electronically via the Internet rather than mailing printed copies of these materials to each stockholder. The Company believes that this process expedites stockholders' receipt of the proxy materials, lowers the costs incurred by the Company for the 2019 Annual Meeting and helps to conserve natural resources.

On or about April 24, 2019, we mailed the Notice in the form of a mailing titled "Important Notice Regarding the Availability of Proxy Materials." The Notice contains instructions on how to access the Proxy Materials on the Internet and how to vote.

If you received the Notice by mail, you will not receive a printed copy of the proxy materials unless you request a printed copy, currently or on an ongoing basis. If you received the Notice by mail and would like to receive a paper or email copy of the proxy materials, follow the instructions on the Notice. Stockholders, who requested paper copies of the proxy materials or previously elected electronic receipt, did not receive the Notice and will receive the proxy materials in the format requested.

## **Voting Your Shares**

If you are a registered holder, meaning that you hold our stock directly (not through a bank, broker or other nominee), you may vote in person at the Annual Meeting or by telephone or electronically via the Internet by following the instructions included in the Notice or by completing, dating and signing the proxy card and promptly returning it in the enclosed envelope if you request and receive (or previously requested and received) a hard copy of the proxy materials. All signed, returned proxies that are not revoked will be voted in accordance with the instructions contained therein. Signed proxies that give no instructions as to how they should be voted on a particular proposal at the Annual Meeting will be counted as votes "for" each of the nominees in Proposal No. 1, "for" Proposal No. 2 and "for" Proposal No. 3.

If your shares are held through a bank, broker or other nominee, you are considered the beneficial owner of those shares. You may be able to vote by telephone or electronically through the Internet in accordance with the voting instructions provided by that nominee. You must obtain a legal proxy from the nominee that holds your shares if you wish to vote in person at the Annual Meeting. If you do not provide voting instructions to your broker in advance of the Annual Meeting, applicable rules grant your broker discretionary authority to vote on "routine" proposals. The ratification of the appointment of the independent registered public accounting firm in Proposal No. 2 is the only item on the agenda for the Annual Meeting that is considered routine. Where a proposal is not "routine," a broker who has received no instructions from its clients does not have discretion to vote its clients' uninstructed shares on that proposal, and the un-voted shares are referred to as "broker non-votes."

In the event that sufficient votes in favor of the proposals are not received by the date of the Annual Meeting, the chairman of the meeting, or a majority of the voting power of the stock present in person or represented by proxy at the meeting and entitled to vote thereon, shall have power to adjourn or recess the Annual Meeting to permit further solicitations of proxies.

The telephone and Internet voting procedures are designed to authenticate stockholders' identities, to allow stockholders to give their voting instructions and to confirm that stockholders' instructions have been recorded properly. Stockholders voting by telephone or Internet should understand that there may be costs associated with telephonic or electronic access, such as usage charges from telephone companies and Internet access providers, which must be borne by the stockholder.

## **Expenses of Solicitation**

The expenses of soliciting proxies to be voted at the Annual Meeting will be paid by the Company. Following the original mailing of the Notices, the proxies and other soliciting materials, as applicable, proxies may be solicited on our behalf by directors, officers or employees of the Company, without additional remuneration, in person, by telephone or email. Following the original mailing of the Notice, the proxies and other soliciting materials, as applicable, the Company will request that banks, brokers and other nominees forward copies of the Notice, the proxy and other soliciting materials, as applicable, to persons for whom they hold shares of common stock and request authority for the exercise of proxies. We will reimburse banks, brokers and other nominees for reasonable charges and expenses incurred in forwarding soliciting materials to their clients.

### **Revocability of Proxies**

Any person submitting a proxy has the power to revoke it prior to the Annual Meeting or at the Annual Meeting prior to the vote. A proxy may be revoked by a writing delivered to the Company stating that the proxy is revoked, by a subsequent vote or proxy that is submitted via telephone or Internet, or by attendance at the Annual Meeting and voting in person. In order for beneficial owners to change any of your previously provided voting instructions, you must contact your bank, broker or other nominee directly.

### **Delivery of Documents to Stockholders Sharing an Address**

Some banks, brokers and other nominee record holders may have adopted a procedure approved by the Securities and Exchange Commission (“SEC”) called “householding” under which multiple stockholders who share the same address will receive only one copy of the Annual Report or Proxy Statement, as applicable. We will promptly deliver a separate copy of the Notice or the proxy materials, as applicable, to you if you notify us by telephone at 972 (9) 957-6620, by mail at SolarEdge Technologies, Inc. at, 1 HaMada Street, Herziliya Pituach 4673335, Israel, or by email at [investors@solaredge.com](mailto:investors@solaredge.com). You also may request additional copies of the Notice or the proxy materials by notifying us in writing or by telephone at the same address, email address, or telephone number. Stockholders with shares registered in the name of a brokerage firm or bank should contact their brokerage firm or bank to request information about householding or to opt in or out of householding.

## PROPOSAL NO. 1—ELECTION OF DIRECTORS

The Company's Board of Directors is presently comprised of seven members, who are divided into three classes, designated as Class I, Class II and Class III. One class of directors is elected by the stockholders at each annual meeting to serve from the time of their election until the third annual meeting of stockholders following their election. Class I directors consist of Dan Avida, Yoni Cheifetz and Doron Inbar; Class II directors consist of Tal Payne and Marcel Gani; and Class III directors consist of Guy Sella and Avery More.

The Class I directors standing for reelection at the Annual Meeting are Dan Avida, Yoni Cheifetz and Doron Inbar. Class II and Class III directors will stand for reelection or election at the 2020 and 2021 annual meetings of stockholders, respectively.

Each of the nominees for election to Class I is currently a director of the Company. If elected at the Annual Meeting, each of the nominees for election to Class I would serve until the third annual meeting of stockholders following this Annual Meeting and until his or her successor is duly elected and qualified, or until such director's earlier death, resignation or removal. If any of the nominees is unable or unwilling to be a candidate for election by the time of the Annual Meeting (a contingency which the Board does not expect to occur), the stockholders may vote for a substitute nominee chosen by the present Board to fill the vacancy. In the alternative, the stockholders may vote for just the remaining nominees, leaving a vacancy that may be filled at a later date by the Board, or the Board may reduce the size of the Board of Directors.

The names of the nominees for reelection as Class I directors at the Annual Meeting and of the incumbent Class II and Class III directors, and certain information about them, including their ages as of April 11, 2019, are included below.

## **Directors and Corporate Governance**

### ***Board Composition***

Our Board of Directors currently consists of seven members.

In accordance with the amended and restated certificate of incorporation and the amended and restated bylaws, our Board of Directors is divided into three classes with staggered terms. At each annual meeting of stockholders, the successors to directors whose terms then expire will be elected to serve.

Directors for a particular class will be elected for terms expiring at the third annual meeting of stockholders following their election. As a result, only one class of directors will be elected at each annual meeting of our stockholders, with the other classes continuing for the remainder of their respective terms. Each director's term continues until the election and qualification of his or her successor, or his or her earlier death, resignation or removal.

### ***Board Independence***

Under the listing requirements and Nasdaq rules, independent directors must comprise a majority of a listed company's board of directors. Our Principles of Corporate Governance (the "Principles") provide that an "independent" director is a director who meets the Nasdaq definition of independence. The Principles also provide that, under applicable Nasdaq rules, the members of each of the Audit and Compensation Committees are subject to additional, heightened independence criteria applicable to directors serving on these committees. Our Board of Directors has undertaken a review of its composition, the composition of its committees and the independence of each director (both generally, and, where applicable, under heightened independence criteria applicable to certain committees). Based upon information requested from and provided by each director concerning his background, employment and affiliations, including family relationships, our Board of Directors has determined, based on the recommendation of our nominating and corporate governance committee, that each of Messrs. Avida, Cheifetz, Gani, Inbar and More and Ms. Payne is "independent" under Nasdaq rules. In making the independence determinations, our Board of Directors assessed the current and prior relationships that each non-employee director has with us and all other relevant facts and circumstances, including the beneficial ownership of our capital stock by each non-employee director and affiliated persons and entities and any payments made to and from entities affiliated with the directors. Based on these assessments, for each director deemed to be independent, our Board of Directors made a determination that, because of the nature of the director's relationships or the amounts involved, the director had no relationships with the Company or our management that, in the judgment of the Board, would impair the director's independence.

### ***Leadership Structure***

Guy Sella serves as Chief Executive Officer and Chairman of the Board. Our Board of Directors believes that the current board leadership structure, coupled with a strong emphasis on board independence, provides effective independent oversight of management while allowing the Board and management to benefit from Mr. Sella's demonstrated senior leadership skills, expertise from years of experience in electronics industries, and his experience and familiarity with our business as Chief Executive Officer. Independent directors and management sometimes have different perspectives and roles in strategy development. Our independent directors bring experience, oversight and expertise from outside of our Company, while Mr. Sella brings company-specific experience and expertise. The Board of Directors believes that Mr. Sella's combined role enables strong leadership, creates clear accountability and enhances our ability to communicate our message and strategy clearly and consistently to stockholders. ## **The Board's Role in Risk Oversight**

The Board of Directors oversees the Company's risk management process. The Board oversees a Company-wide approach to risk management, designed to enhance stockholder value, support the achievement of strategic objectives and improve long-term organizational performance. The Board determines the appropriate level of risk for the Company generally, assesses the specific risks faced by the Company and reviews the steps taken by management to manage those risks. The Board's involvement in setting the Company's business strategy facilitates these assessments and reviews, culminating in the development of a strategy that reflects both the Board's and management's consensus as to appropriate levels of risk and the appropriate measures to manage those risks. Pursuant to this structure, risk is assessed throughout the enterprise, focusing on risks arising out of various aspects of the Company's strategy and the implementation of that strategy, including financial, legal/compliance, operational/strategic, health and safety, and compensation risks. The Board also considers risk when evaluating proposed transactions and other matters presented to the Board, including material acquisitions and financial matters.

While the Board maintains the ultimate oversight responsibility for the risk management process, its committees oversee risk in certain specified areas. In particular, the Audit Committee reviews and discusses the Company's practices with respect to risk assessment and risk management. The Audit Committee also focuses on the adequacy and effectiveness of the Company's internal controls. In addition, the Audit Committee oversees the Company's compliance program with respect to legal and regulatory requirements, including the Company's codes of conduct and policies and procedures for monitoring compliance. The Compensation Committee oversees the assessment of the risks related to the Company's compensation policies and programs applicable to its officers and other employees. Management regularly reports on applicable risks to the relevant committee or the Board, as appropriate, including reports on significant Company projects, with additional review or reporting on risks being conducted as needed or as requested by the Board and its committees.

REGISTERED PUBLIC ACCOUNTING FIRM FOR 2019**

As a matter of good corporate governance, the Audit Committee has requested the Board of Directors to submit the selection of EY as the Company’s independent registered public accounting firm for 2019 to the stockholders for ratification. In the event of a negative vote on such ratification, the Audit Committee will reconsider its selection. They will have the opportunity to make a statement at the Annual Meeting if they desire to do so, and will be available to respond to appropriate questions.

## Implementing Compensation Objectives

### *Determining Compensation*

In making compensation decisions, we review the performance of the Company and each senior executive. We also consider the senior executive's level of responsibility, the importance of the senior executive's role in achieving our corporate objectives, and the senior executive's long-term potential, while taking into account his or her current target compensation, value of outstanding equity awards, and stock ownership levels, and our stock selling restrictions for senior executives. Finally, we weigh competitive practices, relevant business and organizational changes, retention needs, and internal pay equity.

In order to attract, retain, and motivate the best management talent, we believe that we must provide a target compensation package that is competitive relative to our peers. In connection therewith, the Compensation Committee considers practices of specific companies that we identified as our peers for executive compensation in 2018 (the "2018 Peer Group"), as well as size-appropriate technology industry survey data.

Each year, the Compensation Committee reviews the market data with the assistance of its external compensation consultant and makes changes, as appropriate, in order to ensure it continues to appropriately reflect the Company's size, industry, and scope of operations.

For 2018, working with Frederic W. Cook & Co., Inc. ("FW Cook"), the Compensation Committee approved the 2018 Peer Group, as described below, based on multiple factors, including business similarities and broadly comparable financial profiles (e.g. revenue, market capitalization, enterprise value, and growth profiles). The 2018 Peer Group used for establishing 2018 senior executive target compensation was as follows: 3D Systems Corporation, Advanced Energy Industries Inc., Cray Inc., Generac Holdings Inc., Gigamon Inc. Infinera Corporation,, Mellanox Technologies Ltd., MKS Instruments Inc., Ormat Technologies Ltd., Photonics Inc., Powell Industries Inc., Stratasys Ltd., Silver Spring, Sun Power Corporation, Sunrun Inc., Veeco Instruments Inc., Verint Systems Inc., Vicor Corporation and Xperi Corporation (formerly Tessera Technologies Inc.). This peer group was expanded and modified to accommodate for certain companies no longer being publicly traded and to add other peers that were found to meet the aforementioned factors for our peer group.

When the Compensation Committee evaluated the 2018 Peer Group, our revenues were positioned at approximately the 40<sup>th</sup> percentile compared to the group for the trailing quarter and 50<sup>th</sup> percentile for the 2017 estimate, our operating income was at approximately the 75<sup>th</sup> percentile, and our market capitalization was at approximately the 40<sup>th</sup> percentile.

After reviewing the peer group data described above, we determined the approximate range within which to target total direct compensation (the sum of base salary, target annual incentive, and the grant date fair value of long-term incentives) for our senior executives for 2018. Within that range, we incorporated flexibility to respond to and adjust for the evolving business environment and our specific hiring and retention needs.

In general for 2018, we set base salary and short- and long-term incentive compensation opportunities for our senior executives, including the NEOs, at or near the median of the peer group proxy and survey data. As described below, individual levels varied from the targeted position for each of the elements of target total direct compensation based on the Compensation Committee's overall subjective evaluation of individual performance, senior executive responsibilities relative to benchmark position responsibilities, and individual skill set and experience.

In November 2018, the Compensation Committee evaluated the equity compensation of the CEO and other senior executives as part of a study performed by FW Cook for the evaluation of executive salaries and other compensation for 2019. In connection therewith, the Compensation Committee considered the 2018 Peer Group in light of the growth of the Company and as each year, reviewed the market data with the assistance of its external compensation consultant and made appropriate changes in order to ensure it continues to appropriately reflect the Company's size, industry, and scope of operations.

For establishing appropriate benchmarks for the NEO compensation for 2019, working with FW Cook, the Compensation Committee approved the 2019 Peer Group, as described below, based on multiple factors, including business similarities and broadly comparable financial profiles (e.g. revenue, market capitalization, enterprise value, and growth profiles). The 2019 Peer Group used for establishing 2019 senior executive target compensation was as follows: 3D Systems Corporation; Advanced Energy Industries Inc.; Brooks Automation, Inc.; Cree, Inc.; Finisar Corporation; Generac Holdings Inc.; Infinera Corporation; Mellanox Technologies Ltd.; MKS Instruments Inc.; Netgear Inc.; Ormat Technologies Ltd.; Pattern Energy Group LP; Power Integrations, Inc.; Silicon Laboratories Inc.; Veeco Instruments, Inc., Verint Systems Inc.. This peer group was expanded and modified since the 2018 Peer Group to take into account the changes in financial parameters given the significant growth of the Company, both in revenues, net income in business scope due to acquisitions. The modifications were also made to accommodate for certain companies no longer being publicly traded and to add other peers that were found to meet the aforementioned factors for our peer group.

### ***Results of 2018 Advisory Vote to Approve Executive Compensation***

At our 2018 annual meeting of stockholders, 84% of the votes cast were in favor of our advisory resolution regarding the compensation of our NEOs. The Compensation Committee believes this affirms the stockholders' support of the Company's pay-for-performance philosophy with respect to executive compensation. No changes were made to the compensation program for NEOs as a direct response to the result of the vote. The Compensation Committee will continue to consider the results of future advisory votes on executive compensation.

### ***Role of Compensation Committee and Management***

The Compensation Committee has primary responsibility for overseeing the design and implementation of our senior executive compensation programs. The Compensation Committee, with input from the other independent directors, evaluates the performance of the CEO. The Compensation Committee then recommends CEO compensation to the independent directors for approval. The CEO and the Compensation Committee together review the performance of our other senior executives, and the Compensation Committee determines their compensation based on recommendations from the CEO. The executives do not play a role in their own individual compensation determinations.

### ***Role of Compensation Consultants***

With respect to decisions for 2018 target compensation of the NEOs, competitive review of senior executive and non-employee director compensation programs and peer group review for 2018, the Compensation Committee retained FW Cook to review market trends and advise the Compensation Committee. FW Cook is the sole compensation consultant of the Compensation Committee.

Our Compensation Committee has concluded that no conflicts of interest exist with respect to FW Cook's provision of services after considering the following six factors: (i) the provision of other services to us by FW Cook; (ii) the amount of fees FW Cook received from us as a percentage of the total revenue of FW Cook; (iii) the policies and procedures of FW Cook that are designed to prevent conflicts of interest; (iv) any business or personal relationship of the FW Cook consultants with a member of the Compensation Committee; (v) any of our stock owned by the FW Cook consultants; and (vi) any business or personal relationship of the FW Cook consultants or FW Cook with any of our executive officers.

The Compensation Committee is directly responsible for the appointment, compensation, and oversight of FW Cook. FW Cook reported directly to the Compensation Committee, although the Compensation Committee instructed FW Cook to work with management to compile information and to gain an understanding of the Company and any Company-related issues for consideration by the Compensation Committee, including market trends.

## **Compensation-Related Governance Policies**

### ***Stock Ownership and Holding Guidelines***

All of our employees, including the NEOs, are subject to our Insider Trading Policy which forbids employees to trade in the Company's stock, or any derivatives thereof, while holding non-public material information or during the Company's set "black-out periods". In addition, the Company's board of directors has adopted Stock Ownership and Holding Guidelines that apply to the Company's CEO and his direct reports. As per the current guidelines, the CEO and his direct reports are required to attain and maintain stock equal to four times the annualized base salary for the CEO and two times the annualized base salary for all CEO direct reports. Executives who are covered by the policy are required to hold 50% of the "net profit shares" resulting from stock option exercises and/or vesting of other stock-based awards until they reach their applicable stock ownership level. "Net profit shares" refers to the number of shares actually held by the executive after covering withholding tax requirements and/or stock option exercise costs with a portion of the shares resulting from such exercise or vesting event. Once covered by the policy, executives are expected to continuously accumulate qualifying equity until they meet the minimum stock ownership requirement. Once an individual has achieved the required stock ownership level, he/she must maintain stock ownership at or above the required level. As of the Record Date, all of the executives subject to this policy are in compliance.

### ***Compensation of the Named Executive Officers***

In determining target total compensation for our NEOs for 2018, we evaluated the financial and operational performance of the Company and considered each senior executive's contributions relative to that performance. As part of the annual senior executive compensation review, the Compensation Committee reviewed independent market data as well as then-current pay levels of the Company's senior executives, the Company's pay philosophy and corporate performance, and the individual performance of the Company's senior executives.

For a discussion of the Company's performance for the year ended December 31, 2018, see "Executive Compensation — 2018 Results and Key Events and Impact on Compensation" above.

### ***Base Salary***

Base salaries in 2018 for the CEO and each of the NEOs were the same as in 2017 and were not adjusted for the NEOs since August 2016. When the Compensation Committee reviewed executive compensation in December 2017, it was determined, based on a report provided by FW Cook, that the base salaries were within market level medians and therefore in 2018 they remained unchanged.

When evaluating executive compensation again in the last quarter of 2018 with respect to compensation of executives for 2019, the Compensation Committee engaged FW Cook and updated the Peer Group of the Company in order to take into account the growth of the Company, both in revenues, operating income and changes in market cap. In their report, FW Cook found that the base salaries of each of the NEOs were all below market median levels. As such, and taking into account the increased levels of responsibility for each of the NEOs, the salaries were increased effective January 1, 2019. The increase in salaries for 2019, reflecting a 18.0-31.0% increase in base salaries for all of our NEOs, were made following a discussion with FW Cook and according to their recommendations. FW Cook updated its compensation analysis as applied to the Company's peer group and considered the Company's growth since August 2016, and made its recommendations based upon that updated analysis. Specifically, the Compensation Committee took into account the growth of the Company, in revenues, global presence and including recent activities of management involving business development and acquisitions, including the addition of three new businesses (UPS, batteries and e-Mobility) to their respective management roles and the increase in responsibilities accompanied therewith.

The base salaries of our NEOs were approved by the Compensation Committee in U.S. Dollars. As per such approval, payments are actually made in New Israeli Shekel based on the exchange rate used at the time of the approval. As such, while the actual monthly payment of base salaries of our NEOs did not change between August 2016 and through December 31, 2018, the U.S. Dollar amount reflected in the below disclosure reflects the rate of exchange as of December 2017 and as such, reflects a base salary change that is merely a result of a fluctuation in the exchange rate of U.S. Dollar to New Israeli Shekel. The following table sets forth the 2017-2019 base salaries for the NEOs:

**December 2017 and November 2018 Base Salary Decisions**

<b>Name and Principal Position</b>	<b>Annual base salary Effective 2017-2018 (\$)</b>	<b>Annual base salary Effective Jan. 2019(\$)</b>	<b>Percentage change</b>
<i>Guy Sella - Chief Executive Officer and Chairman of the Board</i>	611,000	750,000	22.7%
<i>Ronen Faier - Chief Financial Officer</i>	350,000	420,000	20.0%
<i>Zvi Lando - Vice President, Global Sales</i>	350,000	420,000	20.0%
<i>Yoav Galin - Vice President, Research and Development</i>	322,000	380,000	18.0%
<i>Rachel Prishkolnik - Vice President, General Counsel and Corporate Secretary</i>	290,000	380,000	31.0%

**Annual Cash Incentive Compensation**

For 2018, each NEO was eligible to receive an annual incentive compensation payment based on achievement of pre-established performance goals. For Mr. Sella, the performance goals were based entirely upon Company-related financial, operational, and strategic objectives, comprised of 70% financial achievement, 7% operations, 17% strategy, and 6% scalability and infrastructure. Specifically, the financial achievement parameters of the minimum required for bonus payments were contingent upon the Company meeting at least 70% of its financial parameters and having a positive net income. The financial parameters were comprised of revenue, net income and gross margin targets. The compensation committee measured the achievement of the targets based upon the Company's solar business results so as not to take into account the acquisitions which were not taken into account when the performance goals were established.

For the remaining NEOs, the performance goals detailed below were weighted based upon 50% Company-related financial, operational, and strategic objectives (which were the same objectives as for the CEO and as detailed in the table below) and 50% individual performance. The Company exceeded the achievement threshold set for the financial goals related to revenues and profitability targets and was slightly below the gross margin target. The Company reached higher than the minimum achievement required for bonus payments by achieving annual calendar revenues in solar business of \$914.3 million and a net income of \$136.0 million in solar business. The Company reached a gross margin of 35.0% for the solar business thus yielding only a portion of the entitlement under this financial parameter. The non-financial performance goals for the CEO relate to specific targets decided upon by us in accordance with the Company's plans for the year to follow. For example, for 2018, these goals included increasing the Company's manufacturing production capabilities by 35%, finishing development of certain new inverter lines, development of a full suite of home energy products and establishment of business for the sale of UPS products.

The 2018 bonus structure and achievement against the Company-related financial, operational, and strategic objectives is summarized as follows:

<b>Goal Type</b>	<b>Percentage</b>	<b>2018 Achievement vs. Goals</b>
Revenue	35%	\$914.3M in Revenue in solar business vs. \$720M Goal (+27.0%)
Net Income	14%	\$136.0M in Net Income in solar business vs. \$90M Goal (+51.1%)
Gross Margin	21%	35.0% in Gross Margin in solar business vs. 36.0% Goal (-2.8%)
Strategy	17%	Targets which included building a UPS business unit and establishing a means of battery manufacturing
Scalability & Infrastructure	6%	Targets which focused on developing a new manufacturing facility and advanced laboratories
Operations	7%	Targets included increasing manufacturing capacity by more than 35% and completion of new inverter models
Total	100%	114.3% of Target Achieved

In addition to the aforementioned performance goals detailed above which were weighted based upon 50% Company-related financial, operational, and strategic objectives, each NEO other than the CEO has additional individual performance goals relating to their respective specific areas of contribution to the Company. Each of the NEOs received a bonus under the compensation plan that had been preapproved by the Compensation Committee and after review by the Compensation Committee of the specific performance goals and determination of their level of achievement. Each NEO has a certain target bonus that is preapproved by the Compensation Committee and is equal to eight months of such NEO's monthly Base Salary. NEOs can achieve beyond their target bonus if the performance goals are exceeded and at the discretion of the Compensation Committee.

The individual performance goals are specific goals to each NEO and relate to the goals for the success and growth of the Company for the forthcoming year. Specifically, for our Vice President of Research and Development the goals include the development of certain new products and for our Vice President of Global Sales, the goals include the penetration of sales in certain new geographic regions. For 2018, Mr. Sella was awarded \$674,897 which represents 114% of his Base Salary for calendar 2018; Mr. Faier was awarded \$241,714 which represents 72% of his Base Salary for calendar 2018; Mr. Lando was awarded \$235,741 which represents 70% of his Base Salary for calendar 2018; Mr. Galin was awarded \$210,688 which represents 68% of his Base Salary for calendar 2018 and Ms. Prishkolnik was awarded \$198,292 which represents 71% of her Base Salary for calendar 2018. Payments were made to the NEOs in New Israel Shekels converted from US Dollars on the payment date. These performance-based cash bonuses were paid in March 2019 for achievement of business objectives established by the Compensation Committee for calendar year 2018.

NEO	2018 Bonus Target	2018 Actual Bonus	2018 Actual Bonus as % of Target*
<i>Guy Sella</i>	\$ 611,000	\$ 674,897	110.5%
<i>Ronen Faier</i>	\$ 234,000	\$ 241,714	103.3%
<i>Zvi Lando</i>	\$ 234,000	\$ 235,741	100.7%
<i>Yoav Galin</i>	\$ 215,000	\$ 210,688	98.0%
<i>Rachel Prishkolnik</i>	\$ 193,000	\$ 198,292	102.7%

\* Percentage of Actual Bonus as Percentage of Target is slightly lower than the Actual Bonus entitlement in U.S Dollars due to the fact that Actual Bonuses were calculated and paid based on the NEOs monthly New Israeli Shekel (NIS) base salary at year end.

### ***Equity Compensation***

In December 2017, the Compensation Committee evaluated the equity compensation of the CEO and other senior executives for 2018 as part of the study performed by FW Cook. In order to align NEO compensation with the median of the 2018 Peer Group (with adjustments as necessary based on the Compensation Committee's overall subjective evaluation of individual performance, senior executive responsibilities relative to benchmark position responsibilities, and individual skill set and experience), and in order to maintain a performance based compensation program that aligns the NEOs with the interests of shareholders and also provides them with long term incentives, the Compensation Committee approved annual long-term incentive grants for the CEO and other NEOs (as well as the other senior executives) consisting of 50% RSUs and 50% options. We believe this mix of options and RSUs is appropriate because it provides a balance between incentive (given that stock options only provide value to the grantee in the event that our stock price increases following the date of grant) and retention (given that RSUs only become payable based upon continued service over time). All of the equity grants have a four-year vesting period. The options have a ten year term and were granted at an exercise price of \$38.05 which was the fair market value of the shares as of the date of the grant. The rationale of granting options to senior executives is to create more leverage and greater wealth creation opportunity that can materially impact financial and stock price performance, consistent with typical market practice, and aligning senior executives with the interests of the Company. The options have strong performance orientation since they only provide value if the stock price increases. The time-vested RSUs, which are granted to all of the Company's employees, offer more certainty in value delivery (while still being stockholder-aligned) thereby driving executive retention.

As was done for 2018, the Compensation Committee aligned the long term incentives for 2019 with the 2019 Peer Group (with adjustments as necessary based on the Compensation Committee's overall subjective evaluation of individual performance, senior executive responsibilities relative to benchmark position responsibilities, and individual skill set and experience), in order to maintain a performance based compensation program that aligns the NEOs compensation with the interests of shareholders and also provides them with long term incentives. The Compensation Committee approved annual long-term incentive grants for the CEO and other NEOs (as well as the other senior executives) consisting of 50% RSUs and 50% options.

#### ***Employment Agreements***

During 2018, we were party to employment agreements with Messrs. Sella, Faier, Lando, Galin, and Ms. Prishkolnik. Each of these employment agreements provide for employment of the NEO on an "at-will" basis and provide for a base salary, vacation, sick leave, payments to a pension and severance fund, as well as to an Israeli recreational fund and recuperation pay, in accordance with Israeli law. On May 16, 2017, our Compensation Committee approved the amendment of the employment agreements of our executive officers in order to standardize all executive management agreements. Following the amendment, all executive management employment agreements provide for double-trigger equity vesting following a change of control event. See the sections below entitled "**Executive Compensation Table Narrative--Employment Agreements**" and "**Potential Payments and Acceleration of Equity upon Termination or Termination in Connection with a Change in Control**" for more information.

#### ***Other Compensation***

Our CEO and the remaining NEOs receive benefits that we generally make available to all salaried employees in Israel, where the NEOs are located. These include contributions to an education fund and to a fund known as Manager's Insurance, which provides for a combination of retirement plan, insurance, and severance pay benefits to Israeli employees. See the section below entitled "**Executive Compensation Table Narrative--Employment Agreements**" for more information. Executives do not receive any special perquisites not extended to other employees of the Company.

#### ***Tax Deductibility of Compensation***

For 2017 and prior years, Section 162(m) of the Internal Revenue Code (the Code) generally limited the deductibility of compensation to \$1 million per year for certain of our named executive officers, unless compensation in excess of the limit qualified as "performance based compensation." Following the changes to the tax laws effective as of January 1, 2018 that eliminate the exception for "performance based compensation," we expect we will be unable to deduct compensation payable to Named Executive Officers in excess of \$1,000,000.

While our Compensation Committee considers the impact of this tax treatment, the primary factor influencing program design is the support of our business objectives. Generally, whether incentive compensation will be deductible under Section 162(m) of the Code will be a consideration, but not the decisive consideration, with respect to our Compensation Committee's compensation determinations. Accordingly, our Compensation Committee retains flexibility to structure our compensation programs in a manner that is not tax deductible in order to achieve a strategic result that our Compensation Committee determines to be more appropriate.

## COMPENSATION COMMITTEE REPORT

This report shall not be deemed incorporated by reference or by any general statement incorporating by reference this Proxy Statement into any filing under the Securities Act of 1933, as amended, or under the Securities Exchange Act of 1934, as amended, except to the extent the Company specifically incorporates this report by reference, and shall not otherwise be deemed filed under such Acts.

The Compensation Committee has reviewed and discussed with management and its independent consultant, the Compensation Discussion and Analysis below, and based on the review and discussions, recommended to our board that this Compensation Discussion and Analysis be included in this Proxy Statement.

The Compensation Committee,

Avery More, Chairman

Dan Avida

Doron Inbar

## COMPENSATION RISK

Our compensation programs are designed to balance risk and reward in relation to the Company's overall business strategy. Management assessed, and the Compensation Committee reviewed, our senior executive and broad-based compensation and benefits programs. Based on this assessment, we have concluded that our compensation policies and practices do not create risks that are reasonably likely to have a material adverse effect on us. Among the program attributes that discourage inappropriate risk-taking are:

- the balance between annual and long-term compensation, including the fact that a significant portion of compensation is delivered in the form of equity incentives that vest over several years;
- the use of multiple financial metrics for performance-based annual cash incentive awards and the use of individual goals under our annual cash incentive program;
- the Compensation Committee's ability to modify annual cash incentives to reflect the quality of earnings, individual performance, and other factors that it believes should influence compensation; and
- our management stock-selling restrictions encourage a longer-term perspective and align the interests of senior executives and the Board, as applicable, with other stockholders.

- (2) The amounts in this column represent the aggregate grant date fair value of the equity-based awards granted to our NEOs, computed in accordance with FASB ASC Topic 718. We provide information regarding the assumptions used to calculate the value of the equity-based awards in Note 2u to the audited consolidated financial statements included in our Annual Report on Form 10-K filed on February 28, 2019. There can be no assurance that these awards will vest or will be exercised (in which case no value will be realized by the individual), or that the value upon exercise will approximate the aggregate grant date fair value. The values reported in the table for performance-based restricted stock units granted in fiscal 2016 were calculated assuming that all applicable performance goals would be achieved.

## Executive Compensation Table Narrative

### *Employment Agreements*

We or SolarEdge Technologies, Ltd., our Israeli subsidiary, are party to the following employment agreements: (1) an employment agreement with Mr. Sella, effective as of September 1, 2007, pursuant to which he serves as our (and SolarEdge Technologies Ltd.'s) Chief Executive Officer and Chairman of the Board, (2) an employment agreement with Mr. Faier, effective as of December 1, 2010, pursuant to which he serves as SolarEdge Technologies Ltd.'s Chief Financial Officer, (3) an employment agreement with Mr. Lando effective as of May 17, 2009, pursuant to which he serves as SolarEdge Technologies Ltd.'s Global Vice President of Sales, (4) an employment agreement with Mr. Galin effective as of June 1, 2006 pursuant to which he serves as our Vice President, Research and Development; and (5) an employment agreement with Ms. Prishkolnik, effective November 1, 2010, pursuant to which she serves as our VP General Counsel and Corporate Secretary.

Each of these employment agreements provide for employment of the NEO on an "at-will" basis. In all cases, either party may terminate the agreement by providing 60 or 90 days prior written notice, provided, however, that we may terminate the agreements immediately and without prior notice and make a payment in lieu of advance notice, in accordance with applicable law. In addition, we may also terminate the agreements immediately upon written notice in the event of "cause" (as defined therein) which may include a conviction of a crime of moral turpitude, a material breach of fiduciary duties towards the company or its parent company, engagement in competing activities, or a material breach of confidentiality and non-disclosure obligations towards the company or its parent company; a material breach of the employment agreement or other circumstances under which severance pay may be denied from such employee under the applicable Israeli law.

The agreements provide for a base salary, vacation, sick leave, payments to a pension and severance fund as well as an Israeli recreational fund and recuperation pay in accordance with Israeli law. Pursuant to the agreements, we have effected a manager's insurance policy for each NEO pursuant to which we make contributions on behalf of each NEO as well as the required statutory deductions from salary and any other amounts payable under the agreements on behalf of each NEO to the relevant authorities in accordance with Israeli law. For all NEOs, we contribute 8.33% of each NEOs base salary toward the policy for the severance pay component, 5% for the savings and risk component (or 6% in the case of a pension fund, with such amount to be allocated to a provident fund or pension plan), 7.5% for the educational fund component, up to approximately \$4,000 per year and up to 2.5% for disability insurance. In all cases we deduct 5% of each NEO's base salary to be paid on behalf of the NEO toward the policy (or 5.5%, in the event an NEO chooses to allocate his payments to a pension plan) and 2.5% for the educational fund component.

On February 5, 2016, Amendment no. 12 of the Supervision of Financial Services (Provident Funds) Law, 5765-2005 and the corresponding Integrated Extension Order For Compulsory Pension came into effect pursuant to which as of July 1, 2016 employee and employer contribution rates for pension and manager's insurance funds increased for all of our employees including our NEOs. As of July 1, 2016, Employee pension fund contributions increased to 5.75% and employer pension fund contributions increased to 6.25% and as of January 1, 2017, employee pension fund contributions increased to 6.00% and employer pension fund contributions increased to 6.50%. In the event that an employee has a manager's insurance fund the employer shall be required to allocate a portion of its contributions to purchase disability insurance to insure 75% of an employee's salary which allocation shall not decrease the severance component of the employer's contributions below 5% or increase total employer contributions above 7.5%.

## Potential Payments and Acceleration of Equity upon Termination or Termination in Connection with a Change in Control

### Severance

Pursuant to the terms of the employment agreements with the NEOs, as well as in accordance with Israeli law, upon a termination of the NEO's employment, each NEO is entitled to the payments we have made on behalf of each NEO to the Manager's Insurance Policy.

### Equity Acceleration

Pursuant to the terms of their respective employment agreements, if within twelve months following the occurrence of a "change in control" an NEO is terminated without "cause" or if an NEO terminates his or her employment due to "justifiable reasons" (each such term as defined in the NEO's employment agreements), the NEO will be entitled to full acceleration of any unvested shares of restricted stock or stock options held by him at the time of such termination.

Furthermore, in the event of a "Transaction" (as defined in our 2007 Global Incentive Plan (the "2007 Plan")), all outstanding equity held by each NEO will accelerate to the extent such awards are not assumed or substituted by a successor corporation in connection with such transaction.

### Potential Payments as of December 31, 2018

The following tables show the value of the potential payments and benefits our named executive officers would receive in various scenarios involving a termination of their employment or a change in control or other qualifying corporate transaction, assuming a December 31, 2018 triggering date and, where applicable, using a price per share for our common stock of \$35.10 (the closing price of a share of our common stock as of the last trading day of the year ended December 31, 2018)<sup>1</sup>.

Compensation Committee Non-Chair Member	7,500
Nominating and Corporate Governance Committee Non-Chair Member	5,000

The modification reflected above for 2018 included an increase in the cash retainer by \$10,000 for board members from \$40,000 to \$50,000, an increase in the Audit Committee chair retainer by \$5,000 from \$20,000 to \$25,000 and an increase in the Compensation Committee chair retainer by \$2,500 from \$15,000 to \$17,500, for an average \$35,000 increase per director and a total program value increase from \$ \$167,750 to \$202,750.

The equity awards for our non-employee directors in 2018 consisted of (i) an initial equity award in the form of restricted stock units, granted upon the individual's initial appointment to our Board of Directors, with a grant date value of \$150,000, and (ii) an annual equity award in the form of restricted stock units with a grant date value of \$125,000 for 2018, subject to proration for directors whose commencement of Board service is in the midst of a particular year. The initial restricted stock unit awards vest in equal annual installments over three years and annual restricted stock unit awards vest in full after one year (or the balance of the year in which the award is granted, in the case of pro-rated annual awards), subject in each case to continued Board service through the applicable vesting date.

For the year 2019, our compensation committee received a report from FW Cook which included a revision to the peer group and recommendations for slight modifications to the compensation of our directors. The modifications adopted for the 2019 compensation of directors included an increase in the cash retainer by \$5,000, from \$50,000 to \$55,000 for board members, an increase in the audit committee member retainer by \$2,500, from \$10,000 to \$12,500 and an increase in the annual equity award by \$30,000, from \$125,000 to \$155,000.

Our directors are reimbursed for travel, food, lodging, and other expenses directly related to their activities as directors. Our directors are also entitled to the protection provided by the indemnification provisions in our by-laws. Our Board of Directors may revise the compensation arrangements for our directors from time to time.

The following table sets forth the total cash and equity compensation paid to our non-employee directors for their service on our board of directors and committees of our board of directors during the year ended December 31, 2018. Mr. Sella is not eligible to receive any additional compensation for serving on our board of directors. His compensation for serving as our Chief Executive Officer is disclosed in the “Summary Compensation Table” above.

Name	Fees Earned or Paid in Cash (\$)	Stock Awards (\$)(1)	Total (\$)
Dan Avida (2)	62,500	125,000	187,500
Yoni Cheifetz	-	125,000	125,000
Marcel Gani	82,500	125,000	207,500
Doron Inbar	67,500	125,000	192,500
Avery More	77,500	125,000	202,500
Tal Payne	60,000	125,000	185,000

- (1) Represents the grant date fair value of 2,028 restricted stock units granted to each director on May 23, 2018, calculated in accordance with U.S. GAAP. All units will become fully vested on May 22, 2019. The grant date fair value is based on \$61.65 per share, the closing price of our share on the grant date. As of December 31, 2018, each director held 2,028 unvested restricted stock units.

### **2018 CEO Pay Ratio**

Under the Dodd-Frank Wall Street Reform and Consumer Protection Act and Item 402(u) of Regulation S-K, we are required to disclose the annual total compensation of our median employee, the annual total compensation of our Chairman and CEO, Mr. Guy Sella, and the ratio of these two amounts. The 2018 annual total compensation of the median compensated of all our employees who were employed as of December 31, 2018, other than Mr. Sella, was \$86,318. Mr. Sella’s 2018 annual total compensation was \$4,178,181, and the ratio of these two amounts was 48.4 to 1. Our pay ratio is a reasonable estimate calculated in a manner consistent with SEC rules based on our payroll and employment records and the methodology described below.

To identify the “median employee,” we utilized the 2018 base salary earned during the year and target annual cash incentive for the 2018 performance year, which we annualized for any permanent employee who did not work for the entire year.

Earnings of our employees outside the U.S. were converted to U.S. dollars using annual average currency exchange rates.

Using the measure described above, we identified a “median employee” who is a full-time employee located in Israel and calculated the median employee’s annual total compensation for our pay ratio in accordance with applicable SEC rules for calculating Summary Compensation Table compensation.

SolarEdge is a global company, with operations worldwide and with its executive officers and a majority of its employees located in Israel, the country in which our headquarters office is located. Because the SEC rules for identifying our median employee and calculating the pay ratio based on that employee’s annual total compensation allow companies to adopt a variety of methodologies, to apply certain exclusions, and to make reasonable estimates and assumptions that reflect their employee populations and compensation practices, the pay ratio reported by other companies may not be comparable to the pay ratio for our Company, as other companies have headquarter offices in different countries, have different employee populations and compensation practices and may utilize different methodologies, exclusions, estimates and assumptions in calculating their pay ratios.

## TRANSACTIONS WITH RELATED PERSONS

### Review, Approval, or Ratification of Transactions with Related Persons

The audit committee of our Board of Directors has primary responsibility for reviewing and approving transactions with related persons. Our audit committee charter provides that the audit committee shall review and approve in advance any related person transactions.

We adopted a formal written policy providing that our executive officers, directors, nominees for election as directors, beneficial owners of more than 5% of any class of our voting stock, any member of the immediate family of any of the foregoing persons, and any firm, corporation or other entity in which any of the foregoing persons is employed, is a general partner or principal or in a similar position, or in which such person has a 5% or greater beneficial ownership interest, are not permitted to enter into a related person transaction with us without the consent of our audit committee, subject to the exceptions described below. In approving or rejecting any proposed “related person” transaction, our audit committee considers the relevant facts and circumstances available and deemed relevant to our audit committee, including whether the transaction is on terms no less favorable than terms generally available to an unaffiliated third party under the same or similar circumstances and the extent of the related person’s interest in the transaction. Our audit committee has determined that certain transactions will not require audit committee approval, including certain employment arrangements of executive officers, director compensation, transactions with another company at which a related person’s only relationship is as a non-executive employee or beneficial owner of less than 5% of that company’s shares, and transactions where a related person’s interest arises solely from the ownership of our common stock and all holders of our common stock and all holders of our common stock received the same benefit on a pro rata basis.

### Year ended December 31, 2018 Transactions with Related Person

During the year ended December 31, 2018, we had no transactions with a “related person” that requires disclosure under Item 404 of Regulation S-K.

### REPORT OF THE AUDIT COMMITTEE

This report of the Audit Committee is required by the SEC and, in accordance with the SEC’s rules, will not be deemed to be part of or incorporated by reference by any general statement incorporating by reference this Proxy Statement into any filing under the Securities Act of 1933, as amended, or under the Securities Exchange Act of 1934, as amended, except to the extent that the Company specifically incorporates this information by reference, and will not otherwise be deemed “soliciting material” or “filed” under either the Securities Act of 1933, as amended, or the Securities Exchange Act of 1934, as amended.

The principal purpose of the Audit Committee is to represent and assist the Board of Directors in discharging its oversight responsibility relating to: (i) the accounting and financial reporting processes of the Company and its subsidiaries, including the audits of the Company’s financial statements and the integrity of the financial statements; (ii) the Company’s compliance with legal and regulatory requirements; (iii) the outside auditor’s qualifications, independence and performance; and (iv) the design, implementation, and performance of the Company’s internal audit function. The Audit Committee is responsible for the appointment, compensation, retention, and oversight of work of the Company’s independent auditor. The Audit Committee’s function is more fully described in its charter and summarized starting on page 11 of this Proxy Statement.

Our management is responsible for the preparation, presentation, and integrity of our financial statements, for the appropriateness of the accounting principles and reporting policies that we use, and for establishing and maintaining adequate internal control over financial reporting. EY, our independent registered public accounting firm, was responsible for performing an independent audit of our consolidated financial statements included in our 2018 Annual Report on Form 10-K for the year ended December 31, 2018, and expressing an opinion on the conformity of those financial statements with generally accepted accounting principles.

The Audit Committee has reviewed and discussed with management our audited financial statements included in our Annual Report on Form 10-K for the year ended December 31, 2018.

The Audit Committee has also reviewed and discussed with EY the audited financial statements in our Annual Report on Form 10-K for the year ended December 31, 2018. In addition, the Audit Committee discussed with EY those matters required to be discussed under applicable standards of the Public Company Accounting Oversight Board (the "PCAOB"). Additionally, EY provided to the Audit Committee, the written disclosures and the letter required by applicable requirements of the PCAOB regarding EY's communications with the Audit Committee concerning independence. The Audit Committee also discussed with EY its independence from the Company.

Based upon the review and discussions described above, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in our Annual Report on Form 10-K for the year ended December 31, 2018 for filing with the SEC.

#### **SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE**

Section 16(a) of the Exchange Act and SEC rules require our directors, executive officers, and persons who own more than 10% of any class of our common stock to file reports of their ownership and changes in ownership of our common stock with the SEC. Based solely on our review of the reports filed during the year ended December 31, 2018 and on written representations from such reporting persons, we determined that all required reports have been properly and timely filed other than one form 4 filing for Mr. Ronen Faier, five form 4 filings for Mr. Guy Sella, five form 4 filings for Mr. Meir Adest, three form 4 filings for Mr. Lior Handelsman, three form 4 filings for Mr. Zvi Lando, two form 4 filings for Ms. Rachel Prishkolnik, one form 4 filing for Mr. Yoav Galin and one form 4 filing for Mr. Avery More, due to administrative errors and due to the fact that the Company's headquarters in Israel work Sundays through Thursdays. The Company continues to take measures to ensure that these delays will not continue in the future.

#### **STOCKHOLDER PROPOSALS**

Stockholder proposals for inclusion under Rule 14a-8 in the Company's 2020 proxy statement for the proxy relating to our 2020 annual meeting of stockholders must be received by the Company at the principal executive offices of the Company no later than the close of business on December 25, 2019. Such proposals also must comply with the other rules of the Securities and Exchange Commission relating to Rule 14a-8 stockholders' proposals, which (among other things) provide that to be eligible to submit a proposal, a stockholder must have continuously held at least \$2,000 in market value, or 1%, of the Company's securities entitled to vote on the proposal at the 2020 Annual Meeting, for at least one year by the date the proposal is submitted.

In addition, any stockholder seeking to bring business before the 2020 Annual Meeting outside of Rule 14a-8 of the Exchange Act or to nominate a director under the advance notice provisions of our Amended and Restated Bylaws (the "Bylaws") must provide timely notice of such proposal of business or nomination to the Company's Corporate Secretary. Specifically, written notice of any such proposed business or nomination must be received by the Company's Corporate Secretary at our principal executive offices no earlier than the close of business on February 6, 2020 and no later than the close of business March 7, 2020.

In the event that the date of our 2020 Annual Meeting is more than 30 days before or more than 30 days after the anniversary date of our 2019 Annual Meeting of Stockholders, timely notice by the stockholder must be so delivered not earlier than the close of business on the 120th day prior to the 2020 annual meeting and not later than the close of business on the later of the 90th day prior to the 2020 annual meeting or the 10th day following the date on which public announcement of the date of such meeting is first made by the Company.

A stockholder's notice to the Corporate Secretary of the Company must be in proper written form and must include the information and consents required by our Bylaws related to the stockholder giving the notice, the beneficial owner (if any) on whose behalf the nomination or proposal is made, and each person whom the stockholder proposes to nominate for election as a director, or the business desired to be brought before the meeting.

A copy of the full text of the Bylaw provisions discussed above may be obtained by writing to the Corporate Secretary of the Company at 1 Hamada Street Herziliya Pituach, Israel, 4673335.

#### **DIRECTORS' ATTENDANCE AT ANNUAL STOCKHOLDER MEETINGS**

The Board does not presently intend to bring any other business before the Annual Meeting, and, so far as is known to the Board, no matters are to be brought before the Annual Meeting except as specified in the Notice of the Annual Meeting. As to any business that may properly come before the Annual Meeting, however, it is intended that proxies will be voted in respect thereof in accordance with the judgment of the persons voting such proxies.
