Forward Looking Statements

Use of Forward-Looking Statements

This presentation contains forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995. These forward looking statements include information, among other things, concerning: our possible or assumed future results of operations; future demands for solar energy solutions; business strategies; technology developments; financing and investment plans; dividend policy; competitive position; industry and regulatory environment; general economic conditions; potential growth opportunities; and the effects of competition.

Forward-looking statements are only predictions based on our current expectations and are inherently subject to risks and uncertainties. They should not be considered guarantees of future results, which could differ materially from the results set forth in, contemplated by, or underlying this presentation.

Factors that could cause actual results to differ materially from our expectations are described in the reports filed by SolarEdge with the Securities and Exchange Commission and we encourage you to review our filings carefully, especially the sections entitled “Risk Factors” in our annual report Form.

SolarEdge undertakes no duty or obligation to update any forward-looking statements contained in this presentation as a result of new information, future events or changes in its expectations.

Innovative Architecture

■ Traditional String Inverters

- One central inverter
- No module-level optimization
- No module-level intelligence
- ✗ Energy loss
- ✗ Limited roof utilization
- ✗ No module-level monitoring
- ✗ Safety hazards

■ Microinverters

- One inverter per module
- Module-level optimization
- Limited scalability
- ✗ Cost and scalability
- ✗ Questionable reliability
- ✗ Monitoring requires additional hardware

■ DC Optimized Inverter System

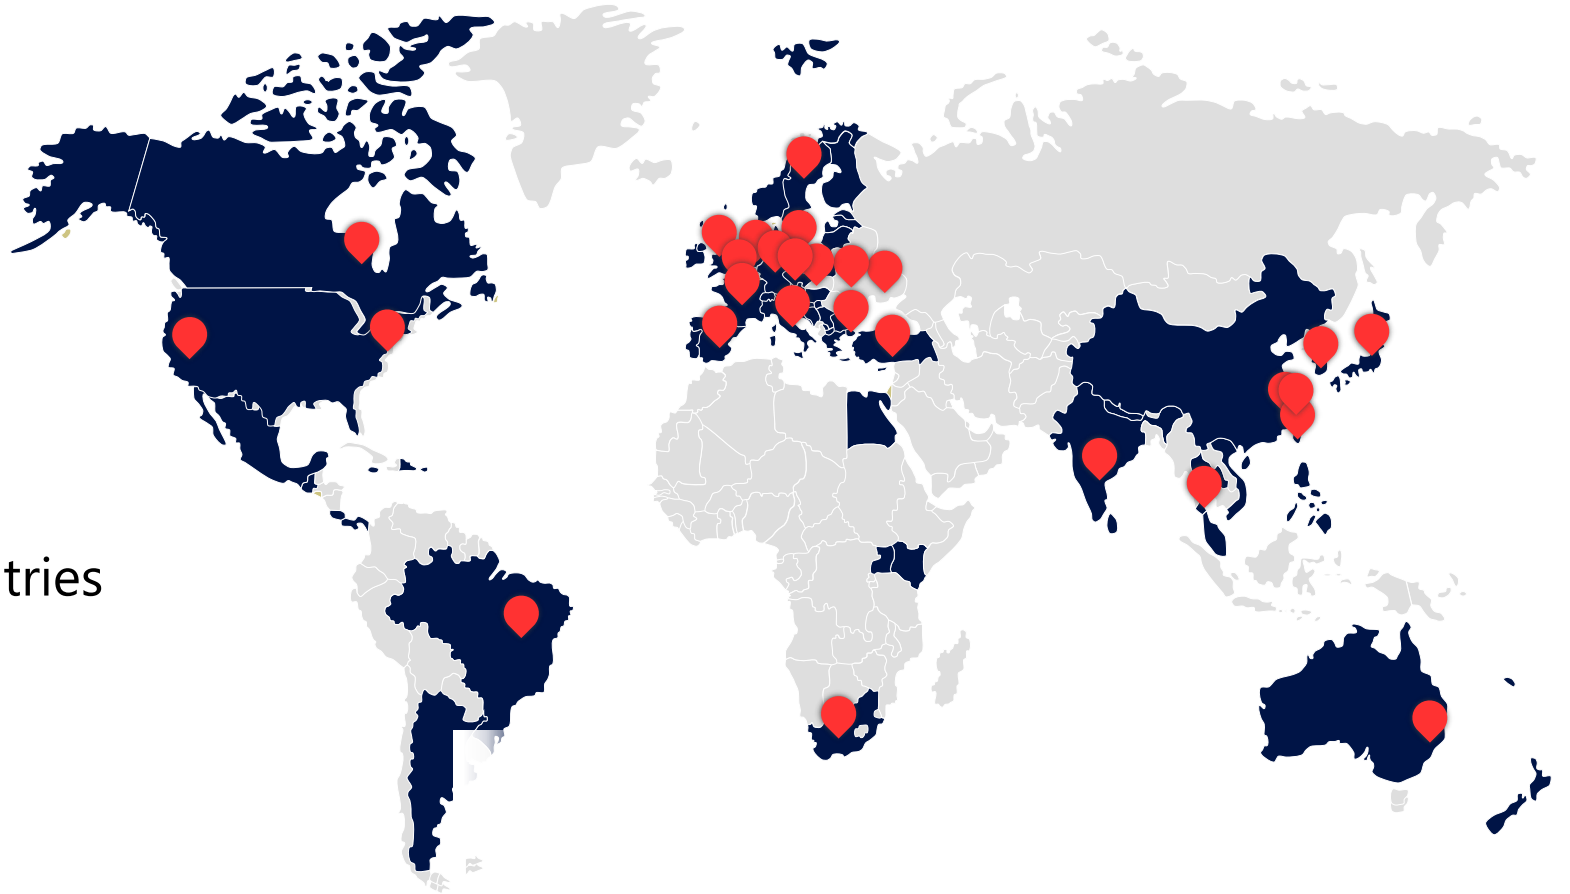

- Simplified central inverter
- Module-level optimization
- Improved scalability

Innovative Solution

Established Global Reach

- Over 26,000 installers
- Presence in 28 countries
- Regional service centers
- Systems installed in 133 countries

StorEdge

The SolarEdge Commercial Solution

Expanding Beyond PV

One-Stop-Shop for Smart Energy Solutions

UPS Division

- Based on the acquisition of Gamatronic LTD assets
- Full range of power solutions support a myriad of applications:
 - Data centers, communications, defense, healthcare, industrial, financial, marine, transportation, governmental, retail and more
- Product suite includes:
 - Modular UPS solutions ranging from 10 kW to 1.8 MW
 - A wide range of standalone UPS systems
 - Modular power systems for the telecom market
 - Modular DC/AC inverters
 - Modular DC/DC converters
 - Control & Management solutions

About Kokam

- A global premier provider of innovative battery solutions
- Tier 1 battery manufacturer, ranked no. 5 in the ESS market
- More than 700MWh of field performance
- Over 232MWh of ESS installed globally
- Provides batteries to the utility scale ESS, UPS, electric vehicle (EV), aerospace, marine, and more industries
- Based in South Korea, a global hub of battery manufacturers
- Founded in 1989
- More than 60 battery-related patents
- Listed on the Korean OTC Exchange Market

About S.M.R.E.

- Headquartered in Italy
- Provider of innovative integrated powertrain technology and electronics for EVs
- Develops innovative and high-performing powertrains with the gearbox, engine, battery, BMS, software, and accessories for electric vehicles.
- Founded in 1999
